You, I love only you  
You, I want only you

For you, I would do everything for you  
For you, I would do everything for you

You, I see only you  
You, I read only you

For you, I would do everything for you  
For you, I would do everything for you

I want just You  
I love just You  
I read just you  
I see just you

I want just You  
I love just You  
I read just you  
I see just you

I want just You  
I love just You  
I read just you  
I see just you

I want just You  
I love just You  
I read just you  
I see just you

You, I'm dying for you  
You, I'm dying for you

For you, I would do everything for you  
For you, I would do everything for you
